

Red Cord Honor Graduate Award

What is the award?

The Red Cord Honor Program is an opportunity to win one of seven \$1,000 awards.

How do you win?

High school seniors become eligible to win the award by completing the Red Cord Honor Program requirement of registering to donate blood at least THREE times during their high school career.

All Red Cord qualified seniors at all Solvita Blood Center high schools will automatically be entered in a drawing to win one of the \$1,000 awards. The number of entries per senior is based on how many times they have registered to donate blood during their high school career, limited to six time per year.

Seven seniors will be randomly selected as winners.

For questions about the program, email cpickle@solvita.org.

Registrations to donate must be
completed by April 15.
